

Planning District 4 - Mid-City

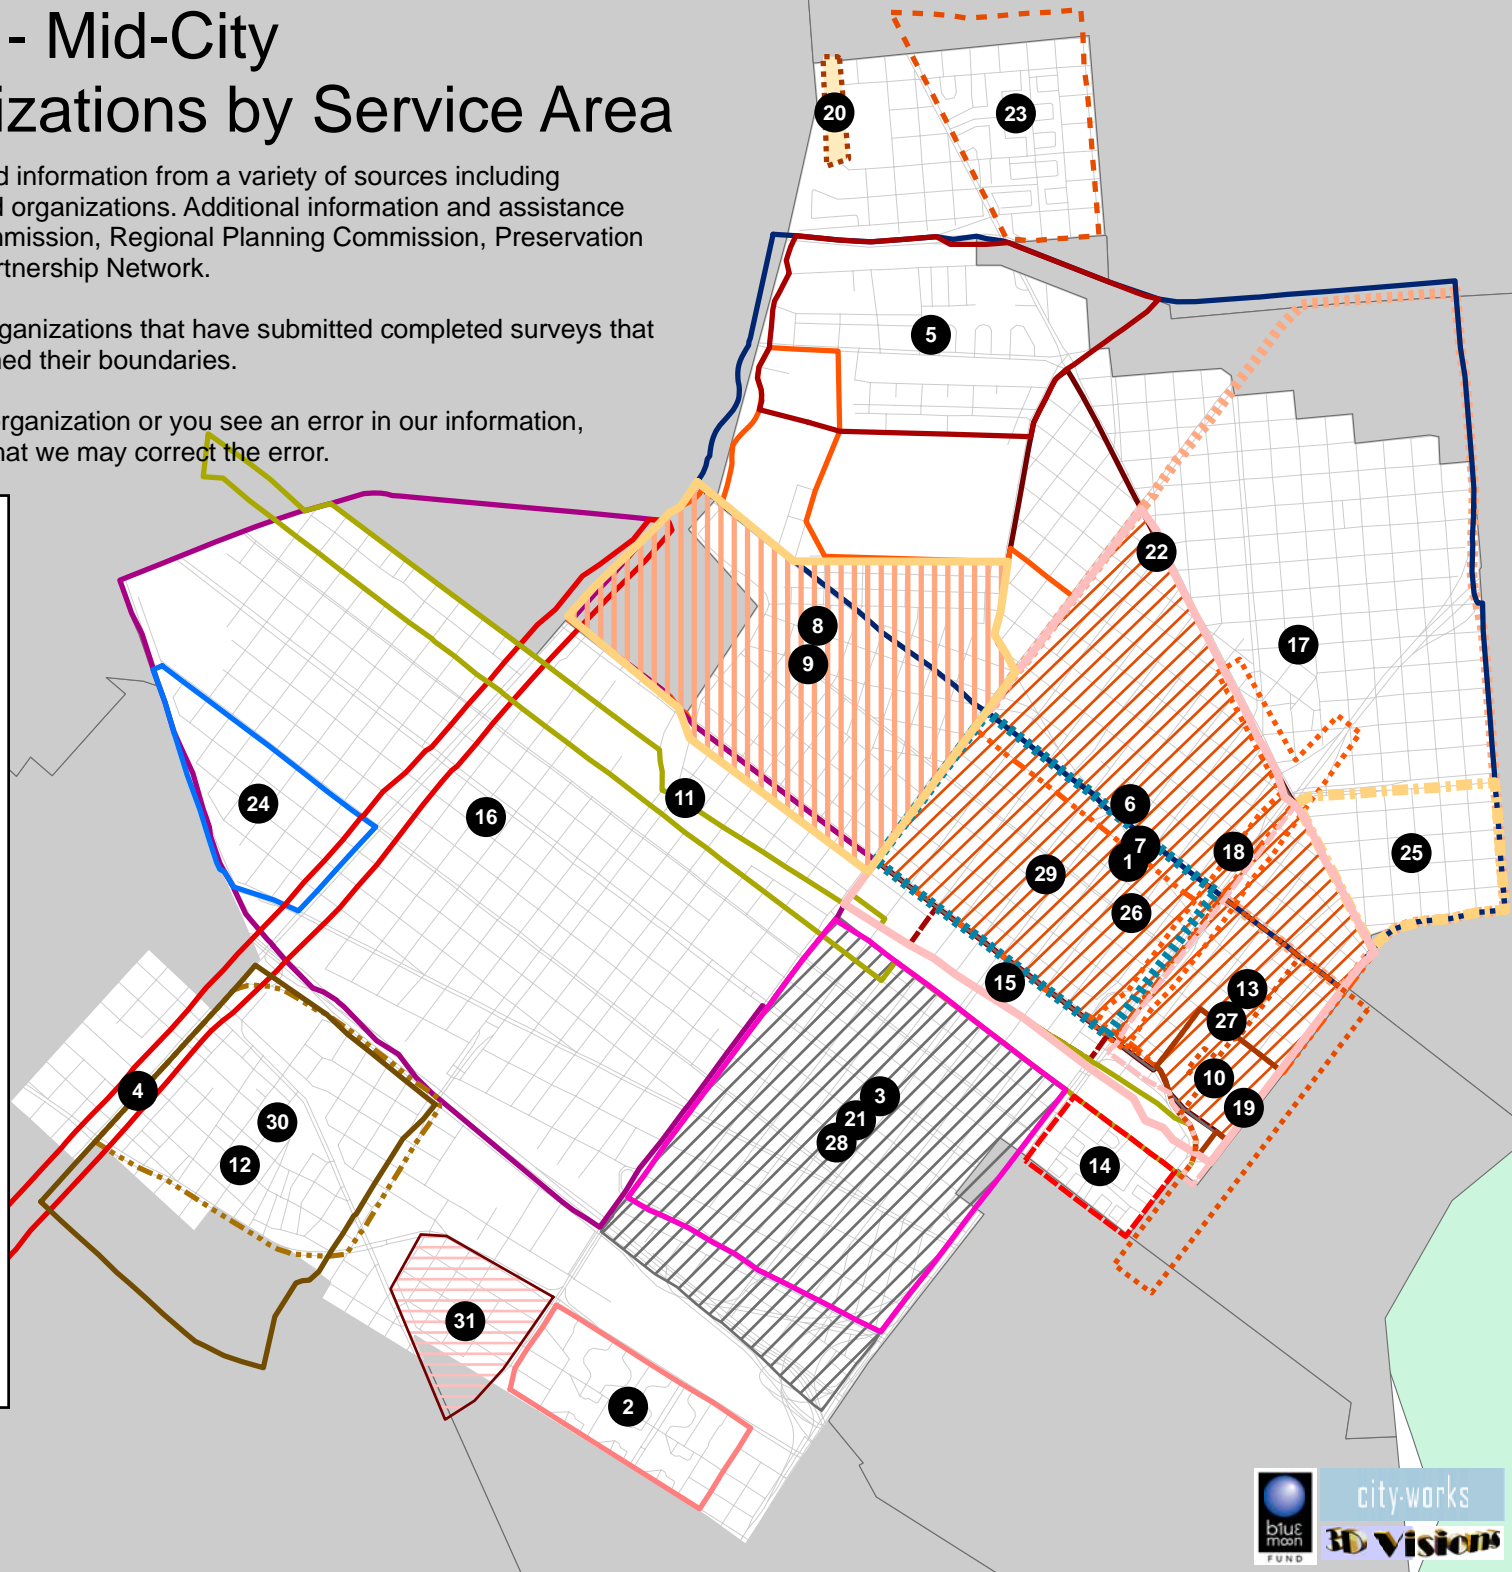

Community Organizations by Service Area

In creating this map, City Works has included information from a variety of sources including direct interviews with over 200 neighborhood organizations. Additional information and assistance has been provided by the City Planning Commission, Regional Planning Commission, Preservation Resource Center, and the Neighborhood Partnership Network.

This version of the map includes all of the organizations that have submitted completed surveys that we have interviewed or that we have confirmed their boundaries.

If we have not included your neighborhood organization or you see an error in our information, please email us at info@city-works.org, so that we may correct the error.
